Curriculum Support Programs

Enquire Now!

Brick Labs offers exceptional field trips by providing support for your curriculum with hands on, practical learning exercises and experiments.

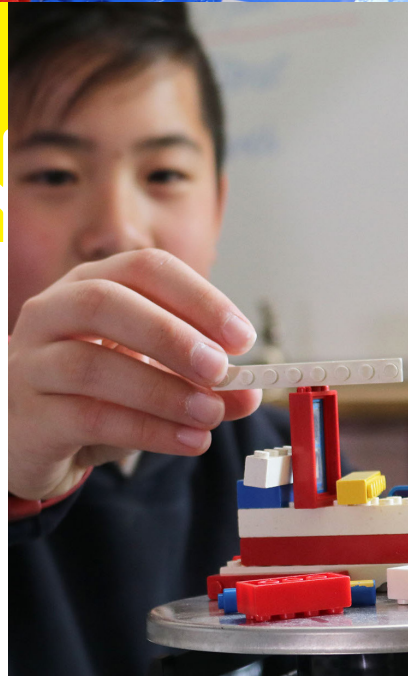

Supporting your students' learning is our priority.

We offer programs for students in Grades 1 to 12 in the following subject areas: Math, Physics, Arts, Science, Geography, History, Language and ESL.

Advanced programs available in Business, Leadership, Engineering, Robotics, Film Making.

All our programs are designed for supporting learning with team work, collaboration, and using presentation skills.

Full and Half Day Events.
